

# A5 PURE VOLLEYBALL

## Vision, Mission and Goals

### Vision Statement

A5 will focus on

***The player experience – Teaching life lessons through the sport of volleyball***

The Board members commit that they will:

1. Provide a positive team and life learning experience environment, as well as an honest and healthy environment for players of all ages and skill levels
2. Put the interests of the players ahead of ourselves
3. Make decisions based on what is best for the players and their families in an effort to empower all of our members to be better people, students AND athletes

### Mission and Goals

**1. Character Driven:** Focus on key character traits that help define a person as she grows, including integrity, intensity, teamwork, leadership, discipline, courage, and sportsmanship.

**2. Consistent Coaching:** Offer a club where coaching is consistent from the first time a player enters a gym at the age of 5-10 through when he or she graduates high school. This club will insist on uniformity throughout the coaching process and mandatory coaching clinics for all coaches and assistant coaches. Our coaching staff will continue to update themselves on the most current techniques and strategies used by top coaches in the game.

**3. Community Involvement:** Work with the volleyball community by having our coaches network with high schools and high school coaches for the purposes of advancing volleyball in the greater Atlanta area.

**4. Communication - Open and Honest:** From club leadership to parents, from coaches to players, we strive to maintain consistent and open dialogue about each athlete's path. "Our doors are always open" is our motto, recognizing that communication is foundational to the development of every individual at A5.

**5. Club Unity and Organization:** Run a well organized club, including  
Tryouts – Practices – Tournaments – Travel – Social Events

We will provide every player the opportunity to gain what her or she wants to out of playing this sport, be it to play at a collegiate level, improve as a high school player, or achieve a higher level of physical fitness.
