Created the Peachtree Middle School program (Dunwoody Feeder) in 2013- currently fields 5 teams.

Coach- Gold team 2013

Volleyball-Related Work Experience

I love teaching young kids the basic skills that are so important to be a strong well-rounded volleyball player. Ever since I walked onto the volleyball court in 7th grade, I have been hooked! Having played club volleyball for 6 years and then at a Division 1 college volleyball program, volleyball was a huge (positive) part of my middle high school years. I started and am still involved in the Peachtree Middle School volleyball program, which is the Dunwoody High School feeder program. I have 4 children Amanda (16), Justin (15), Julia (13), and Josh (13) When I'm not driving them to their sports practices/games, I am either running at the river, attending a yoga or a Flywheel class or meeting up with a friend for a long bike ride.
